Creating a Website

- 1) Go to <u>www.weebly.com</u>
- 2) Sign in with your Google ID

weebly	
Log	in
f Log In	Email
8+ Log In	Password
	Remember me Reset Password

3) Click "site" to create a website

What's	the Focus of Yo	our Site?
	Ę	
Site	Blog	Store
	II have access to all of our awa atures no matter what you cho	

4) Choose a "simple" template for your website design

5) Create a website address that includes your name

Choose Your Website Domain					
	the address where people will find your website online. Reserve your domain now or is step and choose it later.				
۲	Use a Subdomain of Weebly.com A great way to get your website started http:// yournamescale .weebly.com				
0	Register a New Domain For a more professional online presence http://wwwcom				
O	Connect a Domain You Already Own We'll help you connect your domain when you're ready to publish http://				
	Continue				

6) Create the front of the website. It should look like the example below:

7) Link the "Computer Skills" button to the computer skill page by clicking the button and selection "link"

8) Then select "Computer Skills" from the drop down menu and click "save"

Lin	ık to:	Merphone.Airthe
O	Website URL	
۲	Standard Page Computer Skills	
O	Store Page	
O	File	
O	Email Address	
		Save

9) Then click "publish" to save your work so far.

10) Click continue

Ch	oose Your Website Domain		
This is	the address where people will find your website online.		
۲	Use a Subdomain of Weebly.com A great way to get your website started http:// yournamescale .weebly	ly.com	
O	Register a New Domain For a more professional online presence http://www. .co	- mc	
0	Connect a Domain You Already Own Choose a plan and connect your domain in the next step http:// www.example.com	,	
	nttp:// www.example.com	Continue	

11) Now, click computer skills at the top of the page to create a list of everything you have learned so far.

12) Create a title for the page by clicking and dragging the title button onto the page

13) Type "Computer Skills" as the title and then center the text

14) Click and drag the "text" box and drag it onto the page

15) Write the following into the text box:

BUILD	DESIGN	PAGES	STORE	SETTINGS	? 📮 🛛	PUBLISH	≡
Your	Name						
HOME	COMPUTER SKI	LLS					
	Computer Skills
